

The Expedition Journal

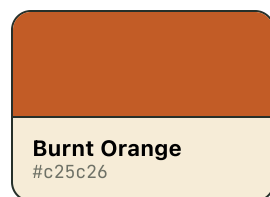

A vintage topographic-map and race-logbook aesthetic. Everything looks like it was pinned, taped or chalked into a well-travelled field notebook.

04 • OTHER PAGES – SHARED PATTERNS

Patterns from Toolbox + the tool pages (Pace Calculator, Race Predictor, MAS/V02max, Strava Namer)

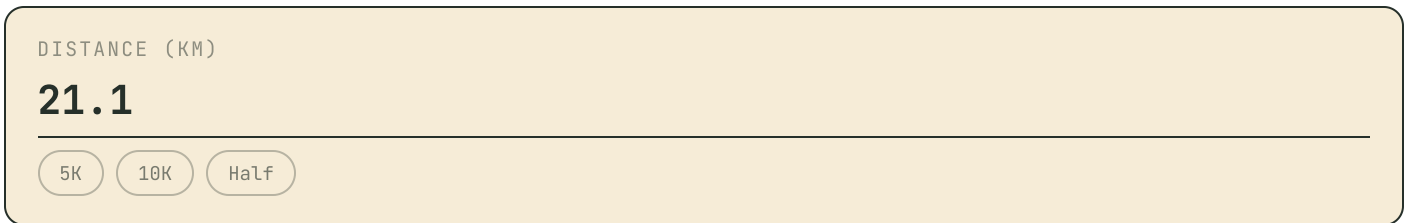

TOOL-PAGE NAV – breadcrumb + EN/FR chip, same header row on every page

SEGMENTED PILL TOGGLE – units, modes; active = accent fill

INPUT FIELD – large mono numerals, underline only, quick-pick chips below

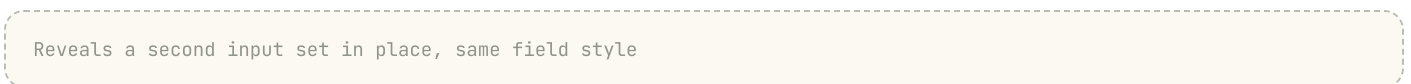

RESULT PANEL – dashed accent border, big mono number, right-aligned

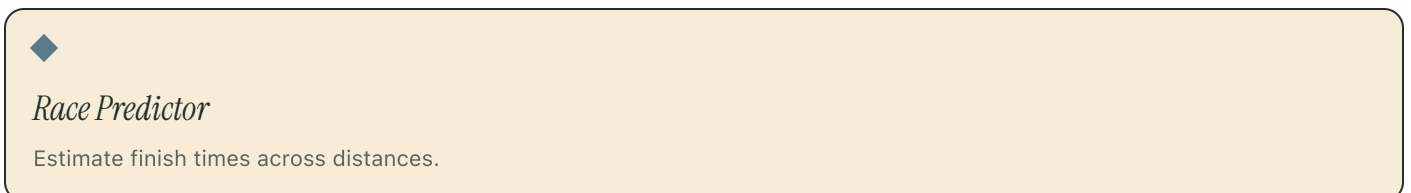

PROGRESSIVE DISCLOSURE – accent-colored toggle link opens a dashed panel

+ ADD SECOND RACE

TOOLBOX GRID CARD – same tool card, colored diamond marks each tool

Bilingual EN / FR

Every string exists in both languages; the toggle chip lives in the nav on every page.

Live data

Vancouver clock ticks every second; weather refreshes every 10 min via Open-Meteo.
